Continue work on Flood Hazard section of Zoning Regulations

A full review of the Flood Hazard section (Article VII) of the Zoning Regulations was completed. Gig had several requests for changes in the wording, but Ms. Sabetto said what was included in the draft was FEMA required language. Many questions Gig had regarding procedure were answered by Ms. Sabetto.

We discussed reorganizing this Article to be more in line with the Zoning Regulations such as having the definitions up front and the Administration section earlier than it currently appears.

Ms. Sabetto will update the draft to incorporate the changes in organization we discussed and add the new Article VII to the current updated Draft of the Whitingham Zoning Regulations.

Adjourn

The meeting was Adjourned at 8:40 PM.

Respectfully submitted,

Gig Zboray
